

Our Business

"As a rookie to the world of business and accounting, the Cowgills team not only provided an excellent and friendly service that allowed me to focus on running my business, but also provided clear, plain-English explanations throughout. The Cowgills team certainly had a massive effect on my business, and I wouldn't hesitate in recommending them!"

Stephen Usher, MDB Consulting Ltd

"Setting up my own business last year after over 20 years experience in the industry, I was pretty apprehensive about all the bits I had no experience in – namely accounts, VAT, Tax, etc. Cowgills appreciated my position and, I am sure, over serviced my account in the early days to help me through. To them I am eternally grateful and have recommended them several times already!"

Kieran Coe, KC Marketing & Design Ltd

"I've used Cowgill Holloway SBU to handle the company accounts and payroll for my business over the last 4 years. As well as saving me time and money, they have been excellent at providing advice and guidance whenever needed. Their help with the accounts and payroll has meant that I could focus on bringing money into the business. I can't recommend Cowgill Holloway highly enough"

Rob Fisk, Managing Director, Fisk Software Consulting Ltd
